## Volume Tweezers:

*Our product line offers a full range of top quality tools and accessories to support eyelash technicians in their career. We highly recommend to use volume tweezers during eyelash treatment. If you seek to achieve a flawless look, you must have these comfortable tweezers in your toolbox. These superb quality tweezers are best used to pick up multiple eyelash extensions. This eyelash artist tool is an essential element for Volume or Russian Volume lash extensions. Volume tweezers are made from Japanese stainless steel. Very light, comfortable to use, have a good grip.*

### *How to Use Volume Tweezers...*

*Each tweezers are hand made, please don't expect each tweezers to be identical !*

*Hold tweezers closer to the foot for stronger grip.*

*Pick the fan with the foot of the tweezers rather than a tip.*

*NOTE: If you're loosing last lash(-es) of your fan, you're picking your fan with the tip of the tweezers.*

**Article #: EL-34**

## Professional Gold Plated Six Eyelash Extension Tweezers Set. (NEW)

High Quality German Stainless Steel. You can feel confident that these tweezers reflect in the workmanship and standard of our products. The perfectly aligned, hand-filed tips are curved to assist in eyelash extension application. Precision Point for professional eyelash extension technicians. Helps in isolating each individual lash.

Angled precision chisel tip is perfect for picking up and fanning ultra-fine gauge lashes (0.06mm, 0.07mm) without damaging them. These are similar to the Eyelash Addict volume tweezers but have a more angled tip so that you can see the glue bond more easily.

If you use straight tweezers for pick-up, once you get used to these tweezers you will find it difficult to work without them on ultra fine lashes. The groove in the neck of these tweezers allows them to close flat at the tip without putting too much pressure on the lash.

**Article #: EL-194**

Finishing: In Gold Finishing  
Packed in gold soft rexine magnetic button case.
